

Get to Know Us

The ADRA Africa Regional Office is based in Nairobi, Kenya. It is established to provide administrative and programmatic support for implementing country offices throughout the African continent. The support ranges from strategic planning, financial system establishment and monitoring, organizational development, program design and development, program evaluation and human resource development.

The ADRA Africa Regional Office promotes professional growth of the individual and the organization by assisting country offices in adapting state-of-the-art industry practices. ADRA Africa liaises with donors and ADRA country offices worldwide to promote development in western, southern and eastern Africa; and to help attract funding for the implementing country offices.
